## **1. General Information**

The Department of Social Work at Hong Kong Shue Yan University has been offering a 4-year Social Work Honours Degree Programme since 2002 and it is one of the very first recognized professional social work degree programmes in Hong Kong. The programme was accredited by the HKCAAVQ and has been subsumed in the University's Programme Area Accreditation status at QF level 5 since 2006. The Social Workers' Registration Board first recognized the Programme as a qualified social work education programme for registration purposes in February 2003, with the programme and award title as:

Bachelor of Social Work (Honours) 社會工作(榮譽)學士課程

## **2. Background and Mission Statement**

### **2.1 Mission of the Hong Kong Shue Yan University**

Founded by Dr. CHUNG Chi-yung and Dr. Henry HU Hung-lick, as Hong Kong Shue Yan College in 1971, at a time when provision for tertiary education was made for less than 2% of the relevant age group, over the past 50 years the Hong Kong Shue Yan University has played an active role in extending the range of higher education opportunities for senior secondary school graduates in Hong Kong.

The Hong Kong Shue Yan University (the University) is the first private university in Hong Kong embracing Confucian values and aimed to enable students to cultivate a whole, balanced personality to realize their full potential as individuals, scholars and good citizens. The University's mission is to provide rigorous intellectual training to enable students to become independent critical thinkers. Emphasis is placed on the acquisition of professional and practical skills to produce graduates who could be of service to the community.

### **2.2 Alignment of the University mission with the Department of Social Work**

The University mission is captured in essence in its Motto: 「敦仁博物」: cultivating virtues of benevolence; broadening horizon and knowledge, and this motto resonates with the mission of the Department of Social Work (the Department), which is to provide quality education to our younger generation to contribute to the betterment of society. Through education, research and advocacy, the Department is committed to

nurture our students to become competent and compassionate social workers and leaders of the future.

### **3. Programme Aims**

The overall aims of the Social Work Programme are:

1. Provide professional social work training that incorporates the acquisition of knowledge, skills, core values, ethics and professionalism.
2. Nurture students' social responsibility, integrity and devotion of the professional self to the betterment of individuals and society.
3. Develop students' competence to address different social needs and different social targets, upholding social justice and human rights.
4. Prepare students to adopt multi-level approaches and apply their social work field practice in a wide range of social welfare and cultural settings.
5. Equip students to develop their professional self through reflective critical thinking, training in research and evaluation skills.
6. Prepare students to apply their social work skills in a culturally appropriate manner to all sectors of the local community.

Upon graduation, our graduates would be able to practise as a generalist social work professional in a wide range of service settings. The pedagogical sequence of the programme is based on progressive learning which cuts across six Domains in four Years as detailed under Section 3 of this report. The focus of each year is elaborated below:

#### First Year

This is a foundation stage which provides training in liberal arts, social sciences, languages, basic social work values, and knowledge about the social welfare system in Hong Kong.

#### Second Year

Basic theoretical knowledge and skills on the three levels of intervention, namely, the micro, mezzo, and macro levels are taught in the second preparatory year. Social work practice in China is also deliberated in the second year.

#### Third Year

The knowledge and practice integrative stage is delivered through the first and second fieldwork placements and practice seminars in the third year. Reflective critical

thinking is enhanced to integrate social work values and classroom learning to field practice. Different electives of social work practice in different contexts provide opportunities for students to utilize their skills in a wide spectrum of service settings. Basic social work research skills are also taught to prepare students for academic advance in their future career advancements.

#### Fourth Year

The fourth year serves to consolidate students' learning and practice integration in their last fieldwork placement. Social work research skills are demonstrated through the Honours Project. Social service management training also appears in the fourth year to equip students with basic social service administrative skills which are part and parcel of the requirements of the social work profession.

## **5. Overall Framework for the Programme**

### **5.1 Credit Requirement of the Programme**

The BSW(Hons) programme requires students to successfully complete a minimum of 126 credits for graduation, including 20 credits of university language requirement, 12 credits of university general education requirement, 80 departmental core credits and 14 credits of social work in context.

### **5.2 Six Domains of the Programme**

The BSW programme is divided into six domains which progresses from introductory level to professional level. Below are further elaborations of the six domains:

Domain 1	Human Behaviour and Social Environment
Domain 2	Social Welfare System and Social Services
Domain 3	Social Work Practice and Theories
Domain 4	Social Work in Context
Domain 5	Practicing Social Work
Domain 6	Research, Knowledge and Practice Integration

#### ***Domain 1 – Human Behaviour and Social Environment***

Domain 1 is designed to provide students with an overview of human life span development and the interaction between such development and behaviour with the social environment. The importance of self- understanding and sensitivity towards diversified manifestations of human behaviour in different social contexts are stressed under Domain 1. Basic knowledge of social sciences, psychology and sociology is also taught in this Domain.

#### ***Domain 2 – Social Welfare System and Social Services***

Domain 2 introduces students to concepts and philosophical aspects of social welfare and social work. Special features of the social welfare system and policies in Hong Kong are deliberated and relevant basic legal knowledge related to social services is taught in this Domain.

### ***Domain 3 – Social Work Practice and Theories***

In Domain 3, students will begin to learn social work theories and practice skills when working with individuals, groups, families, organizations, and communities at micro, mezzo, and macro levels. Through understanding the values and ethics that underpin the social work profession, students will also learn to align these values with actual practices.

### ***Domain 4 – Social Work in Context***

Domain 4 spans from Year 2 to Year 4, teaching students intermediate to advanced and professional social work knowledge and counselling support skills when working with different target clienteles. Service targets include children and youths, parents, older adults and people with mental disabilities. Service settings include families, hospitals, and schools. Students will also be exposed to skills in supporting different cultures and ethnic minorities. Social work practice in Mainland China will also be covered. Beginning in Year 3, students are required to choose seven elective courses out of ten.

### ***Domain 5 – Practising Social Work***

To emphasize the integration of social work theories and practice, three supervised fieldwork placements are arranged in Years 3 and 4. Integrative Practice Seminars are designed in parallel with the fieldwork placements to consolidate students' practice skills and knowledge. Issues and queries arising from fieldwork placement can be addressed in the Integrative Practice Seminars in this Domain.

### ***Domain 6 – Research, Knowledge & Practice Integration***

Recognizing the equal importance of knowledge acquisition and knowledge generation, all BSW students are required to complete the Honours Project in Year 4, which provides an opportunity for them to explore an issue of their choice and conduct research on that particular issue. Through the research project, students' ability to identify, examine and critically analyze a problem or service gap will be enhanced. Also under Domain 6, service and programme evaluation and social service management concepts and generic skills will be covered to support students' further career development.

## **6. Teaching and Learning Methods**

### **6.1 Approaches to Teaching and Learning**

Social work is not only a knowledge-based profession but a practice-based discipline. The BSW programme is designed in such a way that learning and assessment is based on interactive learning, reflection and self-understanding. The two major components of teaching and learning in the BSW programme are coursework and fieldwork.

All courses in the BSW programme adopt an outcome-based teaching and learning approach. We expect our students to demonstrate their ability to integrate their knowledge with practice and be engaged in a vigorous reflective learning process. Case studies, role play, peer critique, small group projects and presentations are used in the teaching and learning process.

### **6.2 Web-based Teaching and Learning**

Since the introduction of the video teaching platform Panopto in September 2019, teaching is no longer limited to be delivered inside the assigned classroom and designated time. Panopto has enhanced the Department teachers' accessibility to present the lecture materials using video clips, PowerPoints, and multi-media files on the platform. The functions and effectiveness of the Panopto was obvious especially during the boycott of classes in the first semester of 2019/20 and later the outbreak of COVID-19.

Department teaching staff have accumulated more experience in online teaching since the last academic year. In the early phase of the semester in 2020/2021, we have adopted a parallel teaching mode with face-to-face teaching and zoom recording at the same time. The video would also be uploaded to Moodle after the lecture for facilitate students' revision.

To further enhance our online teaching, the use of video conferencing, online meetings, chat and breakout-room functions, the University and the Department added Zoom as part of our teaching repertoire in February 2020 when the community continued to be affected by the pandemic. Zoom offers the functions of cross-platform operations and is fully compatible with Panopto and Moodle. It has become an essential on-line "flipped" learning and teaching tool for the Department.

Apart from Panopto and Zoom, the Department is also using various types of online teaching apps to facilitate interactive learning. These include: UReply, Mentimeter, Kahoot, Google Classroom and Padlet etc. Students welcome the use of these apps. Participation in class seems to be further enhanced as well.

### **6.3 VeriGuide and Detection of Plagiarism**

VeriGuide is a system employed by the University to detect plagiarism. VeriGuide assists lecturers to assess whether there are suspected cases of plagiarism among students' submitted assignments. After adopting VeriGuide and the promotion of anti-plagiarism for a few years, students' awareness of plagiarism and using appropriate citation style has been enhanced. Workshops about plagiarism and the use of VeriGuide are conducted by the Department for all Year 1 students. Since 2014/15, VeriGuide is attached as a plugin to Moodle and students only need to submit their assignments once.

### **6.4 Approaches to Assessment**

Course intended learning outcomes, (CILOs), teaching and learning tasks, assessment criteria are set out in individual course outlines and students are advised to read them carefully.

#### **6.4.1 Principles of Assessment**

The main purpose of assessment is to enable students to demonstrate that they have met the aims and objectives of the academic programme; that they have fulfilled the requirements of each subject and have, at the end of their study, achieved the standard appropriate to the award.

#### **6.4.2 Course Assessment**

- i. A student is assessed for every course which s/he has enrolled in the form of any one or any combination of the following: final examination, group projects, individual assignments, term papers, tests and presentations. Where more than one method is used, the weighting of each in the overall subject grade shall be clearly stated in the course outline.

- ii. A student is required to take all the tests and examinations and complete all the course work prescribed in the course outline.
- iii. A student who fails to attend a test or an examination without a good reason will be given no marks for that test or examination and no supplementary assessment will be given.
- iv. A student who, because of illness, or in the event of the decease of a close relative, or on urgent business, is unable to present himself for an examination, may apply for leave of absence to the Registrar in advance, or, in the case of sick leave within three days after the examination with written attestation from a registered medical practitioner recognized by the University. Only when approval is granted by the Registrar may the student apply for a make-up examination.
- v. A Term Examination would be held at the end of each term for some courses offered during that term. A student's academic result is assessed on the basis of his/her class work, written paper, reports, examination results, and his/her attendance and participation in the class. A student is required to pass the examination component of each course in order to be awarded an overall Pass for the course. In the case of Honours Project and Fieldwork courses where there is no Term Examination, the course is assessed entirely on the students performance in the required project components.

#### 6.4.3 Academic Dishonesty

Courses of BSW Programme are assessed according to the assessment tasks proposed by the Department of Social Work, with the advice of the External Examiner and the Social Work Advisory Board and approved by the Academic Board. There has been ongoing improvement to the content and teaching approaches of existing courses in response to the University's OBTL initiative, feedback from students, lecturers and external advisors. The Department continues to revise teaching and learning activities as well as the grading rubrics in different courses.

Assessment is related to the intended learning outcomes of each course. The outcomes and assessment methods of all courses in the programme are clearly delineated in the individual course documents. All course documents will provide information on assessment criteria so that students know the basis on

which they have been given marks or grades for their work. Assessment criteria will not only guide students' learning but will also help in standardizing the quality of assessment for the sake of consistency and fairness.

A variety of assessment methods have been adopted for the Programme, especially after the implementation of OBTL. Written Assignments, Term Papers, Quizzes, Written Examination, Skills Practice, Project Work, Peer commendation, Role Play and Group/Individual Presentations are used. Reflective journal is also employed by some courses to assess students' performance.

The assessment methods are based on the learning needs of students and designed to test the intended learning outcomes of each course. For example, student groups participate by giving feedback and assessing the standard of other groups' presentation and project work under the peer commendation system. Marks are awarded after discussion between the lecturer and peer commentators. The assessment therefore is continuous and it promotes the sharing of practical experience amongst students. Moreover, in order to ensure the fair assessment on individual performance all of the 34 courses offered in the BSW programme conform to the 70% or above individual assessment rule.

All examination papers, projects and assignments are set and monitored by subject lecturers. All the examination papers are scrutinized internally and externally by peer review and by the External Examiner. This guarantees the academic standard of questions, that they are appropriately expressed and that students are able to understand questions correctly and the best answers could be provided in the examination. Subject lecturers modify questions based on recommendations and advice of the Internal Peer Reviewer and External Examiner. Students are not allowed to proceed to fieldwork placement unless they have successfully completed all core required Social work courses in the relevant year of study.

## 6.5 Fieldwork

Fieldwork practice is an integral part of social work education and training. Through fieldwork practicum, classroom learning could be integrated and put into practice. Moreover, working in the field can provide students with real-life exposure to different social work settings. It serves as a catalyst in aiding students to become more knowledgeable about the social work profession on a practical level. Such practice also gives students a taste of the basic elements of social work so that they have an opportunity to acquaint themselves in fieldwork practice with core social work knowledge and values.

More importantly, with practical participation, students gain more real-life experience and observation in relation to the needs of service users, the application and effects of related social welfare policies and the management issues of various service settings. The Department requires students to complete three periods of supervised fieldwork practicum in the BSW.

### 6.5.1 Management of Fieldwork Placement

The Department requires students to undertake 1,024 hours of supervised fieldwork placement and 100 hours of Pre-Placement Exposure in Governmental organizations or NGOs. Managed by the Fieldwork Coordinator, assisted by the Assistant Fieldwork Coordinator and the Fieldwork Team, the Department of Social Work has employed a team of part-time fieldwork supervisors in addition to full-time staff to supervise placements and identified a series of NGOs which are able to provide placement opportunities in different settings.

Trained Fieldwork Supervisors with registered social work qualifications are appointed by the University to provide on-the-spot supervision and assessment of practice every week.

The Management of the Fieldwork is mainly carried out by the Fieldwork Coordinator with the Fieldwork Sub-committee. Prior to the placement, students are required to identify their own learning needs so that the Fieldwork Coordinator together with the Assistant Fieldwork Coordinator can arrange appropriate placements for them.

In monitoring the placement, the Fieldwork Sub-committee manages the selection and matching process, liaises with organizations, launches fieldwork related surveys, monitors students' progress, examines and approves placement results.

### 6.5.2 Fieldwork Arrangements

Students are required to complete 1,024 hours (20 credits) of fieldwork practicum. As recommended by SWRB, the credits have been matched with the placement hours of each respective placement. Details are listed in Table 6.2 below:

**Table 6.2 Fieldwork Arrangement**

Placement	Year	Credits	Nature	Duration
1 <sup>st</sup> Fieldwork Placement (SW. 361– 2)	3	8	<ul style="list-style-type: none"> <li>● Concurrent Placement</li> <li>● 2 Days per Week</li> </ul>	<ul style="list-style-type: none"> <li>● October to March of next year</li> <li>● 23 weeks in total, excluding the term examination period</li> </ul>

### 6.5.3 Fieldwork Education Advisory Committee

In order to ensure the professional quality of fieldwork education, a Fieldwork Education Advisory Committee has been set up to provide professional governance and advice by means of regular meetings and network communication. The Committee supports the Fieldwork Sub-committee of the Department by providing advice on the planning, development and operation of fieldwork practicum. The members include the Head of Department, Fieldwork Coordinator, Assistant Fieldwork Coordinator and not more than nine external members.

### 6.5.4 Fieldwork Supervisors

Part-time supervisors are assigned to supervise students in the fieldwork placements. 50 part-time fieldwork supervisors have been recruited as part of the fieldwork supervision pool. For the profile of part-time staff, please refer to Volume VIII. The assignment of supervisory work is made in accordance with the expertise of the supervisors.

### 6.5.5 Nature of Fieldwork Placement and Related Matching Principles

According to the changing societal needs and students' preference, a variety of placement settings in the above welfare agencies and SWD have been successfully negotiated to provide fieldwork places to the Department in the past few years. They are:

- Family services (IFSC / FLE / Family support service / Family resource centre)
- Elderly services (DECC / NEC / Day care centre / Elderly home / services for persons suffering from dementia)
- Community development services (NLCDP / Community service centre)
- Children and youth services (ICYSC / YOT / YND / CSSS / Boys' and Girls' Home / School SW/ Prevention of youth smoking)
- Medical and Rehabilitation service (ICCMW / SCCC / EETC / Medical social work / Hostel / Half-way house / Long stay care home / Sheltered workshop / Day activity centre / Parent resource centre /Adult training centre)
- Services for the blind and the deaf (Day centre / Residential service)
- Services for ex-offenders and drug addicts (Residential service / Community centre)
- Services for chronically-ill patients (Self-help group)
- Services for ethnic minorities and the homeless
- Employment placement and labour-related services
- Suicide prevention service
- Women's services
- Social enterprise

In order to maximize the benefits of the placement to both students and service users, the following criteria are applied when selecting placement settings:

- Non-governmental organizations (preferably member agency of Hong Kong Council of Social Service);
- Agencies which are providing social welfare service to service users (preferably direct service);
- Agencies having a Registered Social Worker as the agency representative of the placement unit to provide professional support to students;
- Agencies willing to provide sufficient learning opportunities to placement students.

In addition, the following principles are applied:

- Students are placed in three placements of a different service nature (e.g. service user groups, mode of service delivery etc.);
- Students are matched with a different Fieldwork Supervisor for each placement; and
- Students are assigned a different 'field mate' for each placement.

### 6.5.6 Pre-requisite for Fieldwork Practicum

The pre-requisites for fieldwork practicum are clearly listed in the Fieldwork Handbook. Details are summarized below:

#### **1. Requirement for 1<sup>st</sup> Fieldwork Placement: Concurrent Placement**

To enrol in the 1<sup>st</sup> placement, a student must attain a cumulated G.P.A. of 2.0 or above, and pass in all social work courses in the first 2 years of study.

#### **2. Requirement for 2<sup>nd</sup> Fieldwork Placement: Summer Block Placement**

To enrol in the 2<sup>nd</sup> placement, students must attain a cumulated G.P.A. of 2.0 or above, and pass in all social work courses in the first 3 years of study.

#### **3. Requirement for 3<sup>rd</sup> Fieldwork Placement: Concurrent**

To enrol in the 3<sup>rd</sup> placement, students must attain a cumulated G.P.A. of 2.0 or above, and pass in all social work courses in the first 3 years of study.

Remarks:

1. The 1<sup>st</sup> (concurrent) placement is regarded as a pre-requisite of the 2<sup>nd</sup> (summer block) placement and the 3<sup>rd</sup> (concurrent) placement. Students who fail in the 1<sup>st</sup> (concurrent) placement must re-take the said placement in the 4<sup>th</sup> year of study, the 2<sup>nd</sup> (summer block) placement in the same academic year and the 3<sup>rd</sup> (concurrent) placement in the 5<sup>th</sup> year of study.
2. Students who fail in the 1<sup>st</sup> (concurrent) or 2<sup>nd</sup> (summer block) placement are not allowed to undertake the subsequent placement in the same academic year. Accordingly, students are required to re-take the placement in the next academic year and obtain a “Pass” grade to proceed to the next placement.
3. Students who fail in any 2 placements throughout 3 years of study are not allowed to undertake a further fieldwork practicum and will be dismissed.

### 6.5.7 Pre-Placement Exposure and Pre-Placement Workshops

Prior to fieldwork practicum, students are required to participate in voluntary work in different social service settings and attend workshops organized by the Department. Since 2019/20 academic year, thematic workshops are introduced with emphasis on the development of Creativity, Empathy and Resilience which are important elements of social work practice. As well, through practising in

different service settings, involvement in volunteers training and organization, students would be exposed to different organization management characteristics

In addition, three 10-hour pre-placement workshops (ten hours before each fieldwork placement) are scheduled to prepare placement students with knowledge and skills in relation to the placement settings they would be matched with.

### **6.5.8 Fieldwork Assessment Mechanism**

The Fieldwork Assessment Mechanism including scoring and rating, internal moderation, failure and appeal are described in detail in the Fieldwork Handbook (Ch. 12 and 13).

## **7. Medium of Instruction/Assessment**

### **7.1 Medium of Instruction**

The languages of teaching and learning adopted for each individual course are determined by the Department and indicated clearly in a programme document. The Department may exercise flexibility on the languages for teaching and learning after due consideration of the factors below, as well as the language habits, the linguistic competence and the cultural background of the students and teachers. English is the main medium of instruction in Social Work Courses. Cantonese may be used in small group discussions and practical sessions if necessary.

### **7.2 Medium of Assessment**

All written assignments in Social Work Courses are in English, except in Fieldwork practicum in which some assignments might be permitted to be written in Chinese subject to Fieldwork Coordinator's approval.

## **8. Admission**

### **Minimum Entrance Requirements**

#### **For HKDSE applicant:**

- Chinese language: Level 3 or above;
- English language: Level 3 or above;
- Mathematics: Level 2 or above;

- Liberal studies: Level 2 or above; and
- One elective subject: Level 2 or above.

**For Associate Degree/ Higher Diploma applicant:**

- Hong Kong Associate Degree / Higher Diploma Holders (of locally accredited programmes); or
- Completion of one year's study at a locally accredited Hong Kong Associate Degree / Higher Diploma programme with a GPA of 2.5 (out of a 4.0 scale) or above
- All Associate Degree/ Higher Diploma applicants who admit to the BSW programme will start the study from Year 1.

**For General Certificate of Education applicant:**

- At least 2 A-level subjects at Grade E or above (excluding Chinese). Two AS-level subjects are considered to be equivalent to one A-level subject. The same subject will not be counted at both the A-level and AS-level.

**For International Baccalaureate (IB) Diploma applicant:**

- Overall score of at least 24 points

**For Mature Students applicant:**

- Mature applicants must be over the age of 23 by 1st September of the year of admission and be able to demonstrate sufficient motivation, knowledge and potential to indicate a high probability of being able to complete the programme successfully. Prospective mature applicants are invited to discuss their application with the Head of Department concerned in advance of the application period. Successful mature candidates will be admitted on an individual and exceptional basis.

**For applicant with other Qualifications:**

- Other equivalent academic qualifications (subject to assessment by the University).

## **9. Registration**

### **9.1 New Students**

9.1.1 A new student who has been offered a place at the University must complete the necessary registration procedures stipulated in the acceptance letter in early August for local students and in late June for non-local students. If a student fails to do so without prior notice and permission, his/her admission status will be cancelled automatically.

### **9.2 New Students Aged under 18**

9.2.1 Students aged under 18 do not have the full legal capacity to enter into contracts or give valid consent, therefore, their parents/guardians will be requested to sign a **Letter of Consent** to the University upon students' acceptance of the University's offer and before they complete their registration procedures at the University.

9.2.2 The University has the right to inform parents of their children's academic performance, disciplinary actions or any issues concerning students' health, safety or financial problems and warranting parental attention.

9.2.3 For non-local students under 18, their parents are also required to authorise either an adult staying in Hong Kong or HKSYU to be the local guardian who serves as the sole contact person in Hong Kong in the case of communication.

### **9.3 Current Students**

9.3.1 Confirmation of enrolment for current students is on a semester basis. A payment notice will be issued by Registry in November/December (for Semester 2) and in May/June (for semester 1 of the next academic year) via Moodle.

### **9.4 Maximum Period of Registration**

9.4.1 The total period of time for which any student may study at the University shall not exceed six years including approved leave of absence and suspension of study. All students are permitted to repeat for one year only.

## **9.5 Leave of Absence**

- 9.5.1 Application of sick leave for classes supported by a valid medical certificate from a registered doctor in original form or in certified true copy must be submitted to individual course lecturer(s) in advance or immediately after the date of absence. If multiple leave applications are required, students are reminded to bring the original medical certificate to the Information Office at the G/F of Academic Main Building for certification of their photocopies as true copies.
- 9.5.2 Application of sick leave for examinations supported by a valid medical certificate from a registered doctor in original form together with application for make-up examination should be submitted to Registry for approval as soon as possible.
- 9.5.3 Application for leave due to serious illness or other extenuating circumstances in writing should be submitted to concerned lecturer(s) or Registry in advance for approval. A student who is on approved leave with a cumulative day of leaves over one third of the total period of a course in a given semester will be barred from taking the examination and is required to repeat the course.
- 9.5.4 Unapproved leaves will be considered as absenteeism. A student whose total leave of absence has reached one third or above of the total class periods in an individual course shall be barred from the examination of that course and receive a grade F for the course; and whose accumulated leave of absence is one third or above of all the classes of the whole semester, will be requested to discontinue his/her studies or to withdraw from the University.

## **9.6 Transfer of Study**

- 9.6.1 A student is only eligible to apply for internal transfer of study upon completion of one full year study at the University with a Total GPA of 2.0 or above. Applications should be made in writing to the Senior Registrar in July for consideration. Subject to availability of places, performance of academic results and extra-curricular activities, Registry will make recommendation to the Head of the receiving department for decision.
- 9.6.2 Approval of transfer will be subject to the academic performance of the applicant and the availability of places in the proposed programme.

## **9.7 Suspension of Study**

- 9.7.1 Suspension period is normally up to one full academic year. Applications should be made in writing for consideration by the Registrar. Upon receipt of the application, an appointment will be arranged for applicant to present his/her circumstances to the Registrar in person.
- 9.7.2 For re-admission to the study programme in the following year, a student is required to register on a specified date stipulated in the approval letter for suspension. If s/he fails to register, s/he will be considered as unofficial withdrawal.

## **9.8 Withdrawal of Study**

- 9.8.1 If a student wishes to discontinue his/her study at the University, s/he should complete following procedures:
- Obtaining and completing an application form from the Information Office;
  - Clearing outstanding matters with OSA and Library (e.g. settling outstanding fees/fines and library loans; clearing your locker);
  - Seeking approval from Registry;
  - Submitting a complete application together with the student card to the Information Office, G/F, Academic Building for refund of indemnity deposit (if applicable).
- 9.8.2 If the above procedures have not been fully completed, a student will be considered as unofficial withdrawal and the indemnity deposit paid at first registration will be forfeited.
- 9.8.3 Students are reminded that withdrawal from the University without completing a full year of study would lead to permanent removal of student record and no issue of transcript/testimonial/certification will be allowed.

## **9.9 Course Registration**

- 9.9.1 All students are required to enroll not more than 21 credits and not less than 12 credits in a semester unless prior approval is sought from Registry.
- 9.9.2 Students should select courses from a list set up by the department during the specified period via on-line personal WebSIMS system or paper application

subject to the arrangement of your department. Courses offered by individual department for selection may be by individual courses or by a cluster of courses (Pattern). Course selection is normally carried out in late July/early August for Semester 1 and late November/early December for Semester 2. No selection is required for compulsory courses in Year 1 for Semester 1 as courses are being pre-assigned by the departments. A reminder for course selection will be issued on Moodle or Registry noticeboard in due course.

9.9.3 Students are reminded that:

- A student shall only be permitted to register on Semester 2 of a one-year course if s/he has registered on the course in Semester 1.
- If a course has a pre-requisite requirement, students who have not taken and passed the pre-requisite requirement are not eligible to take the course.
- Students should login to the WebSIMS system again after the course registration period to ensure that all relevant procedures have been successfully completed.
- Year 3 and 4 students are prohibited from enrolling in Level 1 elective course(s) except in special circumstances approved by the Head of Department (normally if the course is a requirement in the student's declared Concentration/Stream/Strand or the student is retaking a required course). The grades of any approved Level 1 courses taken in Year 3 and 4 will not be counted towards the FGPA.

## **10. General Education**

**10.1** Students admitted into Year 1 shall complete a total of 12 credits of General Education courses consisting of 3 credits in each of the four main areas listed below in order to fulfil graduation requirements:

Area 1: Chinese Culture in the 21st Century

Area 2: Communication and Literacy

Area 3: Global Citizenship

Area 4: Interdisciplinary Perspective

Detailed information can be found at <http://www.hksyu.edu/ge/>

**10.2** Year 3 and 4 students are prohibited from enrolling in Level 1 elective course(s) except in special circumstances approved by the Head of Department (normally if the course is a General Education requirement or forms part of the student's declared Minor or the student is retaking a required course). The grades of any approved Level 1 courses taken in Year 3 and 4 will not be counted towards the FGPA.

## **11. Add/Drop of Courses and Change of Course Sections**

### **11.1 Change of Courses**

Change of courses enrolled is carried out online via personal WebSIMS account during the 2<sup>nd</sup> week of a semester in the main round but the clearing round is conducted by paper application on a first-come-first-served basis. A reminder will be issued on Moodle nearer the time. The followings should be noted:

- enrolment of courses is subject to availability;
- course offering department has the right to cancel the offer of an elective course if the class size is too small;
- they should re-login into the WebSIMS system to ensure all relevant procedures have been successfully completed.

### **11.2 Course Selection**

A student should select his/her courses in accordance with the requirements of his/her Major and/or Minor programme and the General Education programme.

S/he shall be responsible for ensuring the timely completion of all requirements for graduation. Without prior permission from the Head of Department, a student shall not add or drop any courses to or from the assigned course list or take any of the courses offered to students of higher years. A student shall not repeat any course which s/he has passed or from which s/he has been exempted, except in the case of a final year student who has failed to graduate and is required to retake course(s) in order to improve his/her TGPA to fulfil the graduation requirements.

### **11.3 Course Exemption and Credit Transfer**

Students who have completed a similar course from another institution of higher learning may apply for course exemption and/or credit transfer to the host department before commencement of the academic year subject to scrutiny of individual course syllabi. Students to whom course exemptions are granted will be required to take additional elective credits to complete the specified total number of credits for graduation.

### **11.4 Make-up Examinations**

11.4.1 Students in circumstances listed below are eligible for applying a make-up examination at Registry after the examination results are released. Make-up examinations are to be held after the end of a semester, or at the beginning of the following semester.

- (i) who receives a Grade E in a course;
- (ii) who was absent in an examination due to sickness supported with a valid medical certificate from a registered doctor; or
- (iii) who was absent in an examination due to serious illness or other extenuating circumstances and had sought prior approval from Registry except under special circumstances.

11.4.2 Students in categories (i) and (ii) are informed that Grade C is the highest mark for a make-up examination, and the overall course grade will be determined after taking into consideration the weighted marks obtained in the continuous assessment component of the course.

11.4.3. Student in category (iii) will not be subject to Grade capping in the make-up examination, and the overall course grade will be determined by the weighted marks received respectively in the continuous assessment and examination components of the course.

11.4.4 A student who has failed in one third or more of the total credits taken in a semester, is not eligible for taking any make-up examinations.

### **11.5 Retaking of Courses**

11.5.1 A student who fails in a make-up examination for a compulsory course must repeat that course in the following academic year.

11.5.2 If a student fails in two or more courses taken in any one semester of an academic year, s/he shall not be allowed to take more than five courses with a total of 15 credits in the following semester.

### **11.6 Expulsion**

11.6.1 The University has the final authority to terminate the study of a student under following situations:

- (i) who scored a Total GPA 1.0 or below;
- (ii) who under probationary status failed to score Total GPA 2.0 or above;
- (iii) who has already repeated one year in the University and failed to meet the progression requirement;
- (iv) proven case of forged documentation;
- (v) proven case of academic dishonesty/misconduct by Student Discipline Committee;
- (vi) who violates the University regulations.

## **12. Plagiarism and Academic Misconduct Policy**

### **12.1 Object**

The object of the Plagiarism and Academic Misconduct Policy is to promote an educational environment where academic honesty and fairness are valued as promoting personal integrity and maintaining the academic standards of the University.

### **12.2 Definitions**

(A) 'Academic misconduct' in relation to academic work means any form of cheating or dishonest conduct, including but not limited to plagiarism and

assisting another person to engage in academic misconduct.

- (B) 'Plagiarism' means, in relation to work submitted for assessment, the unacknowledged use by a person of the ideas and materials of others in such a manner as to objectively convey the impression that those ideas and materials are his or her own.

### **12.3 Training Programmes**

- (A) Workshops will be conducted or prescribed by the University in order to promote a consistent understanding of this Policy and issues involving plagiarism and academic misconduct.
- (B) It is the responsibility of all staff members to provide appropriate instruction and guidance to students in relation to plagiarism issues, including the methods of referencing appropriate to the discipline in question.

### **12.4 Cover Sheets**

For all assessable work other than examinations, students are required to attach a cover sheet to the front of the work. The cover sheet will be in a format determined by the University and, in addition to details as to student name(s) and number(s) and course name and number, will include a signed certification by the student(s) to the following effect:

*I/we certify that the material now submitted is entirely my/our own work and I/we have cited all sources used and have faithfully indicated their origin.*

### **12.5 Disciplinary Procedures**

- 12.5.1. Where there is an allegation of academic misconduct, the matter may be considered and determined by the course examiner responsible for the work in question, the Board of Examiners, the Head of Department responsible for the course in question acting as Chair of the Board of Examiners, or the Student Discipline Committee; subject to the qualification that the penalties that can be imposed by those individuals or those bodies are as set out in paragraph 4. Where the Head of Department considers that the matter is sufficiently serious, s/he may refer the allegation to the Senior Registrar/the Dean of Student Affairs; for consideration by the Student Discipline Committee.

12.5.2. The student shall be given a reasonable opportunity to respond to an allegation of academic misconduct before any determination is made or penalty imposed.

12.5.3. Penalties for academic misconduct:

- (i) A reprimand and warning.
- (ii) A requirement to resubmit the work in question [no more than a minimum pass can be given for any resubmitted work].
- (iii) Marks deducted or no marks given for the work in question.
- (iv) A fail grade entered for the course involving the work in question.
- (v) Suspension of the student from the University for a specified period.
- (vi) Expulsion of the student from the University.
- (vii) Non-award of the degree for which the student has been studying.

12.5.4. Where the responsible individual or body is satisfied that academic misconduct has been established, the following penalties can be imposed:

- (A) By the course examiner, the penalties at 12.5.3.
- (B) By a Board of Examiners or the Head of Department acting as Chair of the Board of Examiners, the penalties at 12.5.3.
- (C) By the Student Discipline Committee, the penalties at 12.5.3.

12.5.5. The student will be advised of any determination made and has a right of appeal against a finding of academic misconduct or any penalty imposed, as follows:

- (A) Where the determination is made by the course examiner, to the Board of Examiners or the Head of Department acting as Chair of the Board of Examiners, save that where the Head of Department is the course examiner then to either the Academic Vice President or the Board of Examiners. The Academic Vice President may impose the same penalties as the Board of Examiners.
- (B) Where the determination is made by the Board of Examiners, or the Head of Department acting as Chair of the Board of Examiners, to an Appeal Panel in accordance with the provisions of Academic Regulations and Rules.
- (C) Where the determination is made by the Student Discipline Committee, to the Deputy-President.

12.5.6. Subject to the limitations referred to in paragraph 4, where a finding of academic misconduct is upheld on appeal, the penalty can be varied at the discretion of the individual or body conducting the appeal.

12.5.7. Any finding of academic misconduct, and all relevant details, will be reported to the Head of Department and copied to the responsible administrative officer for recording on the file of the student in question. All penalties imposed by or on behalf of the Board of Examiners will be recorded in the minutes.

## **13. Progression**

### **13.1 Grade Point Average (GPA)**

13.1.1 Students are required to meet both the minimum Total GPA and credits requirements listed below for promotion to a higher year:

<b>Year</b>	<b>GPA</b>
1 to 2	1.8
2 to 3	2.0
3 to 4	2.0

### **13.2 Academic Probation**

13.2.1 Academic probation system is implemented to give prior warning to students with a marginal yearly GPA of less than 2.0 who need to make improvement in order to fulfill the GPA requirement of the University.

13.2.2 A student will only be permitted for one year probationary status during the study at the University. S/he has to obtain a Total GPA of 2.0 or above in that given academic year or else s/he will be required to withdraw from the study programme.

### **13.3 Examination Periods and Timetable**

13.3.1 Examinations are to be conducted in December for Semester 1 and in May for Semester 2. Examination timetable is released on WebSIMS in late November for Semester 1 and in early April for Semester 2. If any conflict of examination schedule is being identified, students should report the situation and register for rescheduling of an examination at the Information Office at G/F of Academic Main Building immediately.

## 13.4 Conduct of Examination

13.4.1 Students are required to note the following rules governing the conduct of examinations. Failure to observe any of these rules may result in disqualification from examination, suspension of study, expulsion from the programme of study:

- (ii) Students should be seated according to the seating plan indicated on the examination venue.
- (iii) A student card should be placed on the top left corner of his/her desk.
- (iv) Mobile phone and beeping devices should be switched off during the examination. Only writing instruments/stationary and other permitted items (if applicable) indicated on the covering sheet of the question paper, should be used in the examination. All his/her personal belongings such as wallet, mobile phone, books, notes and papers, pencil case/box should be put inside a bag that can be properly closed with a zip/buckle and place it under your seat.
- (v) If students have to go to the toilet during the examination, you must raise your hand and seek consent from an invigilator. Answer book and question paper should be retained by the invigilator when students are away from the examination venue. Please make sure that no electronic devices or unauthorized articles are in his/her pockets, on his/her desk or body.
- (vi) No form of communication between students or reference to any unpermitted written materials is allowed during an examination.
- (vii) Students are not allowed to sit for an examination on behalf of another person.
- (viii) Answer booklet should be kept clean and tidy.
- (ix) Students are not allowed to take away from the examination venue any examination materials, such as question paper, answer sheets, backing sheets or graph paper, and should hand in the answer script when instructed by the invigilator.
- (x) Students are not allowed to enter the examination venue after the examination has been commenced for 30 minutes nor to leave 15 minutes before the examination time is up.
- (xi) No student is allowed to leave the examination venue within the first 30 minutes of an examination.
- (xii) When an examination time is up, the invigilator will come and collect question paper and answer script from his/her desk. Students are required to be remained seated and silent until the invigilator instructs students to leave.

- (xiii) By the end of an examination, a question paper should be sandwiched between an answer booklet and be placed on his/her desk for collection by the invigilator.
- (xiv) Students are not allowed to leave the examination venue or to talk with others during an examination or remain at the venue after an examination without permission.
- (xv) Students should fill in all the personal and course information on the covering page of his/her answer booklet. Students should inform the invigilator immediately if there is any omission of such information.
- (xvi) Violation of any of the above rules, subject to consideration, will be penalized by granting an F grade in the concerned course, a demerit, for discontinuation of studies or expulsion.
- (xvii) Conduct of examinations regulations was endorsed by the President for implementation and revision by Registry.

### **13.5 Assessment Results**

13.5.1 Assessment results will be announced via WebSIMS in late January for Semester 1 and in late June for Semester 2.

### **13.6 Application for Graduation**

13.6.1 Year 4 students who have fulfilled the graduation requirement will receive an invitation to the graduation ceremony from the Office of Students Affairs in late September for Graduation Ceremony to be held in November/December. The invitation letter contains information of on-line registration for the ceremony; online employment survey and details for graduation gown rental. Students are advised to register well before the deadline stipulated in the letter.

13.6.2 After registration, each student will receive two guest tickets to the ceremony by post before the ceremony.

## **14. Credit and Grading System**

### **14.1 Grading System**

- a. A term examination should be held at the end of each term for any course offered during that term. A student's academic result is assessed on the basis of his/her class work, written paper, reports, examination results, and his/her

attendance and participation in the class. A student is required to pass the examination component of each course in order to be awarded an overall Pass for the course. In the case of Honours Projects and Fieldwork courses or courses where there is no term examination, the course is assessed entirely by continuous assessment.

- b. The passing Grade is 'D' in any subject. A student earns no credit for any course in which s/he has failed. A student who receives a grade 'E' for one semester course, may be allowed to sit for a make-up examination but for once only.
- c. A student who fails in a make-up examination for a compulsory course must repeat that course in the following academic year.
- d. A student who received an 'F' will not have any make-up examination and must repeat the course.
- e. If a student fails in two or more courses taken in any one term of an academic year, s/he shall not be allowed to take more than five courses with a total of 15 credits in the following term.
- d. If a student fails in more than one third of the courses taken in any one term of an academic year, his/her right to sit for make-up examinations will be forfeited, even though his/her failed courses may reach grade 'E' and s/he shall be advised to reduce the number of courses to be taken accordingly in the following semester.
- f. A student who has a grade point average of 1.0 or below will be required to discontinue his/her studies in the University.

## 14.2 Grades

Grades are awarded according to the following system:

Grade	Academic Reference	Grade Point Value	Grade Points (for a 3-credit course)
A } A- }	Excellent	4.0	12.0
B+ } B }		3.7	11.1
B- } C+ }	Good	3.3	9.9
C } C- }		3.0	9.0
D+ } D }	Fair	2.7	8.1
D- } E }		2.3	6.9
E+ } E }	Average	2.0	6.0
E- } F+ }		1.7	5.1
F+ } F }	Pass	1.3	3.9
F- } G+ }		1.0	3.0
G+ } G }	Bare Pass	0	0
G- } H+ }		0	0
H+ } H }	Redeemable Failure	0	0
H- } I+ }		0	0
I+ } I }	-Failure	0	0
I- } P }		0	0
P }	Passed in "Passed / Not Passed" only Course	0	0
NP }	Not Passed in "Passed / Not Passed" only Course	0	0
TR }	Credits Transferred from Exchange Programmes	0	0

$$\text{Total Grade Point Average} = \frac{\text{Total Grade Points}}{\text{Total Enrolled Credits}}$$

## 14.3 Requirements for Promotion

The requirements for promotion to a higher year are specified as follows:

- a. For promotion from First Year to Second Year, a student must have
  - (i) obtained a GPA of 1.8 or above;
- b. For promotion from Second Year to Third Year, a student must have
  - (i) attained a GPA of 2.0 or above; and
- c. For promotion from Third Year to Fourth Year, a student must have
  - (i) attained a GPA of 2.0 or above

## **15. Appeals Against Results of assessment and Against Category of Award, Failure of a Programme or Discontinuation of Studies**

### **15.1 Appeals Process**

A student may appeal against an individual assessment result, the recommended category of award, failure of the programme or discontinuation of studies. In the case of an Appeal against an individual assessment result the appeals process is a two-stage procedure. All students wishing to make such an appeal must complete Stage 1 before proceeding to Stage 2. Stage 1 provides an opportunity to check that the result awarded has not been affected by any error or oversight on the part of the Board of Examiners.

### **15.2 Appeal Against an Assessment Result**

#### Stage 1: Request for Review of Decisions of Board of Examiners

15.2.1 A student may submit a request through the Assistant Vice President (Registry) for reassessment of his/her course grade on the following grounds:

- (A) the assessment was not conducted in accordance with the Academic Regulations or the arrangements prescribed for the course;
- (B) an administrative, or other material irregularity has occurred;
- (C) there are extenuating circumstances that, for valid reasons, the applicant was unable to bring to the attention of the Board of Examiners before its meeting. Such circumstances must be supported by contemporaneous, independent medical or other evidence. It should be noted that additional medical evidence will normally only be accepted if the original condition was drawn to the attention of the Board of Examiners before the consideration of results.

15.2.2 Any application for a review of the decisions of the Board of Examiners must first be made in writing to the Assistant Vice President (Registry) within 10 days of receipt by the student of the printed Grade Report. A fee of HK\$200 is required. The fee is refundable in full if an error is found or if the Appeal is upheld.

15.2.3 Upon receipt of the request, the Assistant Vice President (Registry) will instigate the rechecking procedure:

- (A) Refer the request to the Chair of the Board of Examiners concerned requesting a clerical check on the grades submitted to the Board of Examiners.
- (B) Report evidence of extenuating circumstances for consideration by the Chair of the Board of Examiners.

#### 15.2.4 Outcomes:

- (A) Where a clerical error is confirmed or extenuating circumstances are accepted, the Chair of the Board of Examiners may adjust the grade approved by the Board of Examiners.
- (B) The Chair of the Board of Examiners will return the result of the reassessment to the Assistant Vice President (Registry), who will inform the student of the outcome as soon as possible.

#### Stage 2: Appeal against decisions of the Board of Examiners

15.2.5 If, having completed Stage 1 above, the student is not satisfied with the decision of the reassessment, s/he may appeal in writing to the Assistant Vice President (Registry) within 10 days of receipt of the notification of the outcome of the Stage 1 process, giving full reasons in support of the appeal.

15.2.6 The valid grounds for appeal are listed in 15.2.1 (A), (B), (C), above. No appeal will be allowed on the grounds that, although the decision of the Board of Examiners was properly made, the student believes that the Board of Examiners has erred in its academic judgement of the standard the student has achieved.

15.2.7 Students considering making an Appeal under Section 15.2.5 are strongly advised to consult the Assistant Vice President (Registry) in advance of making a formal submission. The Assistant Vice President (Registry) will review the case and advise whether there are grounds for re-consideration. A student's right to appeal is not affected by the Registrar's advice.

15.2.8 Formal submission of an appeal must be made, in writing, to the Assistant Vice President (Registry), and be accompanied by a fee of HK\$500. The Assistant Vice President (Registry) will reconsider the case in consultation with the course instructor concerned and the Chair of the Board of Examiners in the first instance. If deemed appropriate, the Assistant Vice President (Registry) may convene an Appeals Panel to review the case and to make a final decision.

15.2.9 An Appeals Panel convened by the Registrar is composed of four members as follows:

- The Academic Vice President (AVP) or his/her nominee in the Chair;
- A senior academic nominated by the AVP from outside the Department associated with the appeal;
- Administrative Vice President;
- The Assistant Vice President (Registry)

15.2.10 The student seeking the review and the Chair of the Board of Examiners must be invited to the meeting of the Appeals Panel to present their evidence. Students have the right to be accompanied at the meeting by a member of the University of their own choosing. (Subject to the individual's agreement s/he may be a fellow student, a representative of the Students Union, a member of staff of the OSA, or a member of academic staff who did not participate in the Board of Examiners that made the decision that is the subject of the appeal). After submitting their evidence and answering questions from the Panel, the student and the representative will be asked to withdraw while the Panel deliberates on the case.

15.2.11 If the Appeals Panel accepts that there are grounds for a review, it may require the Board of Examiners to review its decision. The review must take place promptly and may include blind double marking of the original script by another member of the Board of Examiners as appropriate. The decision of a reconvened Board of Examiners is not subject to further appeal.

15.2.12 If the Appeal is successful, the HK\$500 fee and the Stage 1 fee of HK\$200 will be returned to the student.

### **15.3 Appeals against Category of Award, Failure of a Programme and Discontinuation of Study**

15.3.1. A student may, upon payment of a fee of HK\$500, appeal against the award of a particular class of degree, failure in a programme or a decision to discontinue study on the following grounds:

- an administrative, or other material irregularity has occurred;
- there are extenuating circumstances that, for valid reasons, the applicant was unable to bring to the attention of the University before the decision was made.

15.3.2. Appeals against a decision on the above grounds shall be made in writing to the Assistant Vice President (Registry), within 10 days of the decision having been sent, in writing, to the student's last known address, giving full reasons and providing evidence in support of the appeal. The Assistant Vice President (Registry) will refer the appeal to the Chair of the Board of Examiners concerned for advice.

15.3.3. The Assistant Vice President (Registry) will determine if there are grounds for re-consideration:

- If it is considered that there are no grounds for the appeal, the original decision will be upheld and the decision is final;
- If the appeal is accepted, an Appeals Panel (see 15.2.9- 15.2.11 above) will be convened to consider the case. A decision of the Appeal Panel is final.

15.3.4. If the appeal against category of award, failure of a programme or discontinuation of studies is successful, the HK\$500 fee will be refunded in full.

15.3.5. The Assistant Vice President (Registry) will inform the appellant of the outcome of the appeal as quickly as possible.

## 16. General University Requirements for Graduation

### 16.1. Requirement of Students

- to complete the credit requirements in the programme;
- to pass all compulsory and elective courses stipulated in the programme; and
- to attain a Total GPA (cumulative GPA from Years 1 - 4) of 2.00 for graduation. The award of honours classifications is subject to achieving the following minimum TGPA scores:

<b>Honours Classification</b>	<b>Minimum TGPA<sup>1</sup></b>
First Class	3.40
Upper Second Class	3.00
Lower Second Class	2.50
Third Class	2.20
Pass	2.00

---

<sup>1</sup> Threshold of honours classification may be adjusted subject to the overall academic performance of the cohort and final approval from the Academic Board.

Please refer to the Academic Regulations (學則)/ Regulations Governing Assessment, Progression, Graduation and Award of Honours Classification for details.

## **17. Award and Certification**

### **17.1. Academic Transcript**

17.1.1 An academic transcript is a complete and official record of course results of your study at the University. A fee of HK\$50 will be charged for each copy. Application for transcripts should be made at the Information Office, G/F, Academic Main Building by cash or by crossed cheque made payable to “**Hong Kong Shue Yan University**” or “**香港樹仁大學**”.

17.1.2 Application form can be downloaded at  
<https://www.hksyu.edu/tc/student-resources/forms/>

### **17.2. Grade Report**

17.2.1 Grade report is an unofficial record of course results of one semester of student’s study at University and which is not equivalent to student’s transcript.

17.2.1 Request for grade report should be made through Moodle within two weeks after the examination results are released for collection at the Information Office at G/F of Academic Main Building. Each student is entitled for one copy/semester and request for additional copies will not be entertained.

### **17.3. Testimonial**

17.3.1 A Testimonial is a letter of certification of student’s study at the University excluding course assessment results. A fee of HK\$20 per copy will be charged. Application should be made at the Information Office at G/F of Academic Main Building by cash or by crossed cheque made payable to “**Hong Kong Shue Yan University**” or “**香港樹仁大學**”.

17.3.2 Application form can be downloaded at  
<https://www.hksyu.edu/tc/student-resources/forms/>

### **17.4. Honour Roll and President’s List**

17.4.1 The purpose of the Honour Roll is to recognize good academic achievement of undergraduate students on a semester by semester basis and the President’s List

acknowledges sustained outstanding performance over two semesters in any given academic year.

17.4.2 The requirements are as follows:

**Honour Roll:** Threshold criteria GPA of 3.3 or top 20% of students, whichever is less, and completion of 12 or more letter graded credits in a semester.

**President's List:** Overall GPA for the academic year of at least 3.5 and listed on the Honour Roll for two consecutive semesters in a given academic year.

17.4.3 Honour Roll certificates will be issued in the beginning of the following semester for collection at the Information Office.

17.4.4 For President's List recipients, an award presentation ceremony hosted by the President will be organized in October.

## **17.5. Certification of Award**

17.5.1 If students have lost their Degree Certificate, no replacement will be made. However, they can apply for a testimonial to certify the award attained.

## **18. Student Support**

### **18.1. Student Development**

The University not only provides opportunities for students to acquire professional knowledge and skills for their future career, it also recognizes the importance of fostering students' all-round development through various extra-curricular activities. As such, the Department, in collaboration with students, regularly organizes a number of activities including volunteer services and training workshops to broaden students' exposure and experience.

### **18.2. Year Coordinators System**

The Year Coordinators System was established in 2002 in order to provide guidance to students particularly related to :

- Year 1: "Adjustment and Adaptation to Tertiary Education"
- Year 2: "Preparation for Pre-placement Exposure"
- Year 3: "Adjustment to Fieldwork Placements and Reflection on Learning"

- Year 4: “Preparation for Future Career”

Based on the above themes, Year Coordinators organize activities, training workshop on job interview, provide individual consultations to students with personal issues which affect their academic performance. When necessary, the Head of Department, Year Coordinators and subject lecturers will be involved to discuss a specific issue and provide additional support to students who are experiencing difficulties.

### **18.3. Orientation for New Students**

Orientation for new students is conducted every academic year before the commencement of classes. It aims at helping students to better understand their 4 years study schedule and to promote their ownership of the Programme so that engagement and participation in learning is facilitated.

### **18.4. Office of Student Affairs (OSA)**

Activities for students are vital to the development of a well-rounded personality. Major responsibility for extra-curricular activities lies with the Office of Student Affairs. The Office is responsible for identifying students’ extra-curricular needs and for providing student services. It helps students apply for various kinds of financial assistance and solve their study and personal problems. The Office arranges various student activities such as the Orientation Day, Athletic Meet, University Festival, Academic Exchange Programmes, Community Service and Skills Training Programme and offers advice to students on opportunities for employment and further study. It helps to improve students’ interpersonal skills, raise their social awareness, and develop their team spirit.

#### **18.4.1. Student Activities and Student Liaison**

The OSA also provides guidance to students’ Societies and Associations to organize their activities and provides facilities, such as equipment and space, for their functions.

The Social Work Society recruits Social Work students to become members each academic year. The Society organized a number of activities for its members in the past years to increase interaction between students. The Head of the Department acts as Honorary Advisor to the Society.

#### **18.4.2. Student Financial Assistance and Scholarships**

Financial assistance in the forms of grants, tuition fee concession and loans is offered to students in need. The Office of Student Affairs helps students to apply

by offering advice on what information is required and on how to complete the forms. It also helps students seek out new sources of financial support.

Scholarships are awarded to students with outstanding academic performance. The OSA assists the Student Finance Committee to select students for the awards and arrange the presentation ceremony. It also liaises with donors who include firms, organizations, professional bodies and individuals, for the scholarships.

#### 18.4.3. Student Counselling and Career Services

##### (A) Personal Development and Counselling

Adopting a holistic and balanced approach in student development, the services of OSA's Counseling Section is organized around personal-growth programs and counseling services.

The Counselling Section of OSA supports students who are going through personal difficulties and emotional distress, which are often related to academic, social, career, family and other life concerns. The service is free for current students. Information provided will be kept confidential. If students are interested to learn about their mental health conditions, they can visit OSA website and complete an online DASS (Depression, Anxiety and Stress Scales) survey at <https://osa.hksyu.edu/counselling-services/>.

Student developmental programmes, exhibitions, seminars and workshops are organized regularly to enhance students' self-understanding, mental wellness and university life experience. All students are welcomed to join these activities and browse the latest offerings by visiting <https://osa.hksyu.edu/news/>.

Students can reach the counselling team via the following channels and the OSA will respond to them within 2 working days:

1. Submit an online form "Message to Student Counsellor" which can be found on OSA website at <https://osa.hksyu.edu/counselling-services/>
2. Telephone : 2104-8222
3. Write an email to [osa\\_counselling@hksyu.edu](mailto:osa_counselling@hksyu.edu)

## (B) Career Services

Aiming to assist students in exploring their career opportunities, enhance their understanding of the job market and equip them with the skills / knowledge required in their target fields, Career Services Section organizes recruitment talks, skills enhancement workshops and career fairs throughout the year. In addition, recurrent services such as CV review, mock interview and career consultation are also provided on an on-demand basis.

The Career Services Website (<https://osa.hksyu.edu/career/>) is a one-stop platform to share updated news of career development/ further studies, workshops and events, external career-related activities, job hunting tips and job postings through HKSJU's own job portal for students. Career Resources Corner at 4/F of Residential and Amenities Complex offers books on loan service for a variety of reference books like IELTS, GMAT and CRE examination guides.

OSA encourages students to check their university email account regularly for e-newsletters to keep themselves abreast of their services. Students can make individual appointment for career and further studies advice through Career Services Website.

### 18.4.4. Physical Education and Sports Activities

The OSA helps to organize the Annual Athletic Meets and various sports activities and competitions. It also helps to coordinate University-wide and inter-institutional sports activities and to provide sports facilities for students' activities.

Athletic Meet is one of the major events in the University. Over hundreds of students would take part in the event to be held in March/April each year at a LCSD sports ground. The Athletic Meet aims to provide an opportunity for students to enrich their university life, build up their team spirit, express their potentials in sports and encourage regular exercise to maintain a healthy life style.

### 18.4.5. New Students Profile Survey

A survey of newly registered students is conducted each year to identify their background and needs. The information is passed to the Heads of Department to inform future programme planning and services delivery.

#### 18.4.6. Graduate Employment Survey

The OSA also conducts the Graduate Employment Survey annually. The survey collects general employment information of the graduates by means of a survey questionnaire that is sent to graduates in November each year. Supplementary phone calls or face-to-face interviews are conducted to verify the status of unemployed and other data.

#### 18.4.7. Academic Staff and Students' Input on Student Affairs

The working policy and procedures of the Office of Students Affairs are made known to academic staff and students through wide representation of academic staff from different Departments on the Student Affairs Committee. The Student Affairs Committee is chaired by the Associate VP (Student Affairs) and one elected student representative is appointed to the Committee.

Academic staff from different Departments are also represented on the Student Finance Committee. The Committee is responsible for matters relating to grants, loans and scholarships and meets at least once per term. The two committees provide an efficient mechanism whereby students' needs and wishes can be channelled to the wider University community.

### **18.5. Study Abroad Scheme**

18.5.1 The Study Abroad Scheme offers opportunities for Shue Yan full-time students to complete part of their undergraduate education in a partner institution outside Hong Kong. Students may study abroad for one or two semesters during Years 2 to 4, and/or for summer vacation throughout their study at Shue Yan. Through the participation in the Scheme, students will be able to:

- enrich their academic experience through learning in different contexts;
- meet people from around the world and build an international network
- enrich their life experience;
- enhance their competitive edge via international exposure and acquisition of transferable skills;
- live independently in a multicultural environment and to experience a new culture;
- improve their language skills;
- build up self-confidence;
- learn to be more self-sufficient and while promoting personal development.

18.5.2 The Study Abroad Scheme provides opportunities for students from our partner institutions to come and study at Shue Yan for one or two semesters as an exchange student. Through such arrangement, the Scheme will enable Shue Yan students, to make new friends from different countries/ regions and build up their international network. In addition, Shue Yan also offers Overseas Summer School Programmes and overseas internship schemes/ programmes which are all credit-bearing.

The Department has full autonomy to determine student's eligibility for credit transfer. In general, a student will be eligible for credit transfer of courses satisfactorily completed at the host institution. Students may consult the International Unit or Department for any department-specific requirements and for advice on course selection once they have been nominated by Shue Yan to the host institution.

18.5.3 The Department will try to give student an indication as to whether the courses that s/he undertakes in the host institution are transferable before the commencement of exchange/study abroad. Having said that, student should note that credit transfer will only be confirmed by the Department upon his/her return to Shue Yan through review of the work completed at the host institution. Hence, students returning from exchange/study abroad are required to provide the Department with a full set of course materials and the official transcript issued by the host institution.

18.5.4 The courses completed abroad must fit into the programme requirements of the Bachelor's Degree programme that a student is enrolled into in order to be eligible for credit transfer. Hence, going on exchange/study abroad may lead to deferral of study and graduation, especially for final year students.
